Donations

- Editable list of pre-selected designations.
  - &dids=x.x.x
  - After the = enter the Encompass ID for each designation to show separated by a period.

- Non-editable list of pre-selected designations
  - &bledit=1
  - Blocks the “edit” link to the original pop-up box of designations and shows a non-editable list of pre-selected designations that will populate designations of IDs entered into the URL that are not contained in the original collection. Add to the URL behind &dids=x.x.x.

- Custom sort order
  - &sort=1
  - By default, designations are displayed in alphabetical order. To control the sort order, enter &dids= followed by the designations IDs entered in the order you wish them to appear. Then add &bledit=1. Then add &sort=1 to the URL. NOTE: &sort=1 is ignored if &bledit=1 is not included in the URL.

- Example of all three together: &dids=3.45.16.4&bledit=1&sort=1

- Preset Designations Anchor Jump
  - &pdid=xxxx
  - Once a donor clicks to expand the collection pop-up box, they will be scrolled down to the selected Set. Enter the query string anchor value of the set in your collection. This can be found on the Admin view of a designation collection.

- Auto-fill donation amount with same value to all who click the link
  - &amount=xxxx
  - Enter the mount you would like populated on the form.
  - This can be used in conjunction with a list of pre-selected designations.

- Payment Types
  - &paymenttype=
    *these are case sensitive
    - nowonly - Hides recurring and perpetual.
    - scheduled - The option for scheduled payments will be selected and opened by default, but can be changed.
